

## **Kingdom Quest Activity**

Take a note of each score at the end of the ride. Take the results back to the classroom to analyse the results. For example, you could use the scores to build an authentic connection for analysing data. This could include using it to explore measures of central tendency by looking at the mean, median, mode and range of the data then plotting the results on a graph.

Name	Score	Name	Score
••••••			••••••
••••••		••••••	••••••
••••••			••••••
••••••			••••••
••••••			••••••
••••••			••••••
